## PROFILE

As a front-end developer with a strong passion for creating beautiful, user-friendly, and responsive websites, I have developed proficiency in HTML, CSS, and JavaScript, as well as modern front-end frameworks like React and NextJS.

I am a highly motivated and self-driven individual with a strong work ethic, who takes pride in delivering high-quality work. I am a fast learner, willing to adapt to new technologies and take on new challenges to grow as a developer.

## EXPERIENCE

- Developed various responsive websites using HTML, CSS, and JavaScript.
- Built dynamic and interactive user interfaces using front-end frameworks such as React and Next JS.
- Styled and designed websites using popular CSS libraries such as Tailwind CSS, Bootstrap, and Material UI
- I have also demonstrated strong problem-solving skills by identifying and fixing issues with code and troubleshooting errors to ensure smooth website functionality.
- Demonstrated strength in adaptability by successfully learning and applying new libraries and web developer utilities to my projects.
- Used version control systems such as GitHub to manage codebase.
- I have built applications with Firebase database and have worked with RestFull API to create dynamic and interactive applications.
- 10 years in Pharmaceutical Industry
